

Hood Canal Salmon Enhancement Group Internship

**Position Title: Salmon Hatchery Economic Research Assistant****Program:** Hatchery Reform**Dates Available:** May-June 2010

Summary: The Hood Canal Salmon Enhancement Group (HCSEG) is one of 14 regional fisheries enhancement groups in the state of Washington. Its mission is to protect and restore Wild Salmon ecosystems in the Hood Canal Watershed through restoration, research, education and stewardship. More information available at www.hcseg.org.

This position primarily involves providing a cost benefit analysis and summary of Washington State hatchery production. The research assistant will be involved in compiling, analyzing and summarizing existing data of salmon hatchery production and assisting with writing a final report.

Eligibility:

- Must be a current undergraduate or graduate student

Terms of Employment:

Project Duration – May-June 2010 (possibility of future opportunities)

Start Date – Monday May 3, 2010

Hours per week – 5-10 (may work from home after initial training)

Pay – stipend available; based on credit hours

Responsibilities/Tasks:

- Entering and organizing field data into MS Excel spreadsheets
- Provide statistical analysis of data
- Assist in providing a summary of data
- Assist in report writing

Desirable Skills/Qualifications:

- Very proficient in computer applications; MS Word and Excel
- Has taken and passed statistics/economics course work
- Student must be a dependable individual
- Must be able to work independently
- Motivated self-starter with attention to detail
- Interested in statistics/economics and creating methodologies

To apply, please submit a letter of interest, current resume, and an unofficial transcript to Renee Rose-Scherdnik at Renee@hcseg.org.
